The Secret Behind Cocktail & Barista Competitions Live Streams

Telycam's advanced PTZ cameras are at the heart of two prestigious competitions— the National Cocktail Competition and the 1st North-West Regional Barista Competition, covered by our valued distributor GNODE.

Precision & Performance for Live Event Coverage

For dynamic events like these, where every shake, pour, and brew matters, reliable camera technology is crucial. That's why the organizers chose Telycam's ProAV-level PTZ cameras to deliver crystal-clear visuals, fluid movements, and precise autofocus—ensuring that every detail is captured in real-time.

🔹 **Drive+ 4KN 35X** – Designed for in-close action, this high-performance PTZ camera captures every intricate movement of the competitors, from cocktail flair to the perfect espresso pull, with its 35X optical zoom and AI-powered autofocus.

🔹 **Vision+ 4KN 30X** – Providing a wide-angle perspective, this camera ensures seamless coverage of the entire competition area, offering audiences an immersive viewing experience without missing a single moment.

With **Telycam's commitment to innovation**, capturing fast-paced, high-energy events has never been easier. Our PTZ cameras empower event organizers, broadcasters, and AV professionals with the tools they need to create stunning, professional-grade productions.
